

Kidz 4 Money (K4M) Services

Below are a few of our services, there are many more in the works...

30-Day Financial Challenge

The 30-Day Financial Challenge is designed to enhance the lessons found in *The Inside Track of Money & Wealth* book. 30 activities are sent via email every other day and youth can participate in an afterschool program, at home, or in a homeschool environment. It is fun and exciting with tons of hands-on activities and challenges for youth in critical wealth thinking, smart spending, and a MindSet of Wealth. We take them on a financial journey that they have never experienced before.

The Family Financial Fitness Symposium

The Family Financial Symposium is specifically designed as a 1-day family affair of financial empowerment. Professionals share their expertise in the areas of Financial Literacy/Banking, Investing, Credit, Entrepreneurship, and Kidz 4 Money's exclusive 'A MindSet of Wealth®'. Group lessons for youth and adults are separate to promote humbled honesty in their interaction. In conclusion both groups join in an open discussion and Q & A session to incite an ongoing dialogue in the home. The purpose of this event is to educate households and bridge the communication gap regarding financial success, which should be a family supported project. The Family Financial Symposium includes lots of interaction, books, and incentives for saving and investing to begin their family's wealth-building plan.

Youth Wealth Builders Camp (5-Days)

This explosive 5-Day Youth Builders Camp is designed to financially empower youth ages 10-18. It is a fun-filled week of money sense, business sense with wealth-building strategies. This captivating Camp introduces teens and tweens to realistic wealth building practices, personal/cooperative planning and how to THINK their way to wealth. During this journey youth learn by experiencing a balanced approach of project-based activities and in-depth lessons on the following topics: A MindSet of Wealth®, The Economic Cycle, Advertising & Marketing, Entrepreneurship/Ownership, and Personal Plan to Wealth. Lessons are divided into 4 major groups, which correspond with our **MindSet of Wealth®**

Book Series

1. **Inside Track of Money and Wealth** – understanding the real world of Money and Wealth
 2. **Power Over Money** – wealth building made easy when embracing one's Uniqueness (Self)
 3. **Financial Fitness** – money management for self-fulfillment and financial wellbeing
 4. **Credit: the Double Edge Sword** - the good, the bad, and the ugly
- ❖ For larger groups of 30 or more, we suggest our full **20 Module course** of our MindSet of Wealth series. Great for full summer or weekend projects. Call us for further details.

'Critical Wealth Thinking' Training (3-Day)

A highly explosive financial life skills program that jumpstarts youth with the financial IQ of adults. This Critical Wealth Thinking experience allows youth to embrace their individuality, creativity, and resourcefulness while putting wealth building and wealth building strategies at the forefront of their financial endeavors. This workshop is based on the book **Inside Track of Money & Wealth** with lessons from our Power Over Money and Credit: A Double Edged Sword books as well.

Financial Teen Summit

Since the summer of 2007, Kidz 4 Money has provided this thought-provoking FREE event that introduces teens and tweens (ages 10-18) to progressive finance practices. This event has lots of activities, discussions, and hands-on exercises that keep youth totally engaged. During the summer months, spring breaks or holidays, this series spans across the country in the various libraries, youth organizations like Boys & Girls clubs and other venues.

Our outstanding community professionals are passionate and committed to the successful future of our youth in this 1-day, 4-hour venue. Teens receive free books, lunch, and giveaways. The theme is to broaden the financial alternatives of young people as they explore a confident financial future. Subjects of presentation are A MindSet of Wealth®, Financial Literacy, Leadership, & Entrepreneurship.
